

MASONRY ARCHITECTURAL HARDSCAPE PRODUCTS & SUPPLIES

Easton Block & Supply (EB&S) is a manufacturer of some of the finest quality block products available in the industry, while also offering a comprehensive selection of hardscape, masonry, and architectural products. Utilizing our segmental retaining wall block, projects ranging from small garden “do-it-yourself” walls to complex, multi-tier applications can be easily designed and installed. Our diverse block designs feature assorted color selections and varied aggregate types, delivering the variety demanded in today’s construction arena. In addition to block manufacturing, **EB&S** supplies masonry materials, accessories, and operates an on-site contractor supply store, providing convenient, one-stop access for both professionals and homeowners. **EB&S** is small enough to accommodate specialty design requests, yet large enough to mass-produce block for fast-track projects.
